

**Crosswalk from Hazardous, Toxic, Radioactive Waste Work Breakdown Structure (HTRW WBS)
to Environmental Cost Element Structure (ECES)**

To allow user the flexibility to utilize ECES or HTRW WBS, Appendix A contains the crosswalk from the HTRW WBS to ECES. These were developed so that current HTRW WBS user can see what ECES elements it corresponds to. For example, the HTRW WBS element 32.05.01, Support Regulatory Meetings with Regulators corresponds to ECES code X.02.03.01.
